Hello,

If you are reading this note, it means you were given a certificate of contribution. That means you positively contributed to the Cameleonica filesystem project.

The backside of this paper may have a gluey sticker attached. If that is the case, peel it off and stick it to a wall or something.

PS. You were probably also given a full printout of the design paper. If you know someone who might be interested in Cameleonica project, to use it or to contribute to it, please do not hesitate to give your printout to that person.

Big thanks for your help. I really do appreciate it.

Yours sincerely,
Arkadiusz Bulski
